The City phones, faxes and internet are currently supplied by Cox Communications. Mayor Isenhower has obtained a quote from AT&T for the same services that is substantially lower. Alderman McClendon stated that internet service from AT&T is much slower than Cox internet service. It was suggested that Cox Communications be contacted to possibly negotiate lower billing. Discussion was tabled until the July meeting.

The Police Department evidence room is being relocated to the closet just outside the Treasurer's office. It provides more space and security locks are being installed.

Mayor Isenhower proposed an upgraded high definition security camera system with an Eight Channel High Definition three TB DVR for City Hall. A total of seven day/night cameras would be installed with one having pan, tilt, and zoom capability. The system includes a 3 year parts and labor warranty and no monthly charge. A motion to purchase and install a new security camera system was made by Alderman McClendon and seconded by Alderman Breshears. Passed 4-0
